Growth & Development

McDonald's currently has more than 38,000 restaurants in 120 countries, with approximately 14,000 in the United States. McDonald's goal is to be a modern, progressive burger and breakfast restaurant. McDonald's will achieve this by delivering quality food, outstanding service, and a contemporary customer experience through modern designs and the implementation of Mobile Order and Pay and self-ordering kiosks. We continue to grow our brand by building new restaurants.

Whether you visit a McDonald's in your local neighborhood, an airport, mall, or tollway location, we strive for every customer in every restaurant to have an exceptional experience every time.
